THE CORNERSTONE, FIRST VOWEL, AND CAPSTONE.

Each letter in your name represents your characteristics, but the location of the letters can determine their impact.

For instance, the first letter of your name (use your first name at birth) is called the Cornerstone. It gives you an indication of your character, particularly in the way you approach opportunities and obstacles.

The last letter of your first name reveals your ability and attitude toward finishing projects that you start. This letter is called your Capstone. Together, your Cornerstone and Capstone can tell you much about your capacity to start and finish a project successfully.

The first vowel of your first name reveals something of your deeper self. As I explained earlier, the Heart's Desire is a somewhat hidden, but strongly represented, core number in your chart. It is a big part of yourself that you do not reveal easily or indiscriminately, and it is usually recognized only by your relatives and friends. The first vowel of your name is the little window through which you allow the uninitiated a glimpse at your deeper self.

It is interesting to note that a person who uses a first name with a different first vowel as the original birth name is particularly apprehensive of revealing his or her deeper self.

Thomas has a T (2) Cornerstone, an O (6) First Vowel, and an S (1) Capstone.

The triangle on the right-hand side of the color chart shows three different numbers. In the lower left is the Cornerstone, in Tom's case a 2. To the right of the Cornerstone is the Capstone, in Tom's case a 1.

In the top of the triangle is the number 4. This number represents the Key. The Key is the sum of all the letters in the first name of the full name.

Below is a listing of all the letters in the alphabet to help you understand how they affect you as a Cornerstone, First Vowel, or Capstone.

Try to read the texts as applying specifically to the areas of your personality as described above. For example, under Special Letter A, you find it to be ambitious. This ambition is related to the way you approach opportunities if it is a Cornerstone. As a First Vowel, the A reveals that you are more ambitious than you let on, and as a Capstone, it shows you to be the kind of person who will push on until a project is completed -- if necessary, without anyone's help.

THE PLANES OF EXPRESSION.

The letters of the alphabet are divided into four categories: Physical, Mental, Emotional, and Intuitive. The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker.

The sum (reduced to a single digit or Master number) of the numbers found on each plane reveals how you deal with your experiences on that plane. These Planes of Expression can greatly help you to understand your talents and abilities.

In addition, the letters of the alphabet are also considered to be either creative, vacillating (wavering), or grounded (practical).

NOTE: Some numerologists base their calculations of the Planes of Expression on the number values of the letters. This is incorrect. Letters have their own archetypal personalities and, when calculating the Planes of Expression, should be considered on their own merit. For example, the E, the N, and the W all have the value of 5. However, the letters E and W are both considered physical letters. While the N is seen as a mental letter.

The chart below shows the status of the letters in the alphabet according to these categories:

	Creative	Vacillating	Grounded
Physical	E	W	D M
Mental	A	H J N P	G L
Emotional	I O R Z	B S T X	
Intuitive	K	F Q U Y	C V

Food for thought:

Notice that not a single letter in the alphabet is both grounded and emotional.

All vowels are creative with the exception of the U, which is vacillating.

The Planes of Expression chart is one of the more complex systems in numerology; however, a good understanding of the Planes of Expression rewards you with considerable insight.

The chart below shows Tom Cruise s Planes of Expression.

The top row lists the Physical letters, and the sum of their value reduced to a single digit.

The second row shows the Mental letters.

The third row shows the Emotional letters.

The fourth row reveals the Intuitive letters.

This is Tom s Planes of Expression chart. Starting at the top, we notice the letter E appears twice; with a value of 5 each, they add to 10 which reduces to 1. He does not have a W in his name, so there are no vacillating physical letters, hence the number 0

in olive green. But he does have the letter M twice in his name, including once as an initial (shown as a capital M). The letter M has a value of 4. Together they add to 8. See the 8 to the right of the letters M. Next to the 8 you see a 4. This tells you that there are 4 Physical letters in his name. And finally, the last number in the top row is a 9, telling us that the sum of all the Physical letters in his name is 9.

Follow the second, third, and fourth row for similar insights.

The fifth row is different; it shows the sum of the letters in the columns above it. Remember, the chart lists the Physical, Mental, Emotional, and Intuitive letters on each row, but it also reveals the Grounded, Vacillating, and Creative letters in the vertical sections.

The first number in the fifth row lets us know that Tom has 9 Grounded letters in his name. Together they add to 6 as reflected in the next number in the fifth row. The 8 means that there are eight vacillating letters, and the 5 next to that represents the reduced numerical value of those 8 letters.

Next to the 5 we find a 3, because there are 3 Creative letters adding to a total numerical value of 11, reduces to 2.

Next to the 2 we find the number 20, telling us that Tom has a total of 20 letters in his name. And in the furthest right bottom corner we find a 4. This 4 reflects the reduced value of the sum of all the letters in Tom's full name at birth and should therefore always be the same as the Expression number.

We will use the name Thomas John Hancock as an example for the Planes of Expression chart.

This is Tom Hancock's Plane of Expression chart.

THE MEANING OF THE PLANES OF EXPRESSION NUMBERS.

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information.

The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world.

The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought.

The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others.

Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational -- that is the world of the mental plane -- but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort save that of perception.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds. Numerology indicates how we as individuals' function on each plane.

THE MATURITY NUMBER.

Add your Life Path number and your Expression number and reduce the total to a single digit, except in the case of a Master number, to find your Maturity number.

In Tom s case, his Life Path is a 1, his Expression a 4. This adds to a 5 Maturity number. The Maturity number is shown inside two concentric circles on a triangular base.

Audio lecture: [The Maturity number](#). 6 Minutes.

THE MEANING OF THE MATURITY NUMBERS.

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your

life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

1 Maturity

As you mature, you will find yourself needing an increasing amount of independence and individuality. You will fight harder for the recognition and rewards you feel you deserve and will be less willing to accept failure or limitations in any form.

Your drive and determination will grow, as does your ability to take charge.

If there are already several 1s in your chart, especially among the core numbers, you will have to strive to avoid becoming bossy, rigid, stubborn, and selfish. A person who allows these characteristics to run free will become bullish and lonely later in life.

If there are few 1s in your chart, the influence of the Maturity Number will help you to establish your independence and success. From this foundation, you will have an active, adventurous, and exciting latter part of life.

2 Maturity

As you mature, you will discover that you possess a growing talent for understanding and working with other people. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy.

You find you can get more done by persuasion and gentle guidance than by force.

You may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

If you already have many 2s in your chart, especially in the core numbers, you may become overly sensitive, a characteristic you will have to keep in check. If you have few 2s in your chart, the influence of your Maturity Number will greatly increase your ability to work harmoniously with other people.

3 Maturity

As you mature, you will find yourself becoming increasingly extroverted and optimistic about your future. Your self-expression and creativity improve markedly. You may become inspired to take up some type of artistic endeavor, such as writing, acting, or music, if you are not already involved in one of these areas.

Your ability to communicate will substantially improve. You are naturally more fluent and may find yourself dressing with a certain flair. Be careful not to fall victim to superficial appearances or chasing after glamour and extravagance.

With a 3 Maturity Number you can look forward to a pleasant and social latter part of life. Your attitude will be increasingly positive, and your popularity will rise.

If you already have several 3s in your chart, especially in your core numbers, you may tend to scatter your energies and take your responsibilities less seriously. If you have few 3s, or are missing 3s entirely, you will experience a great relief from the tension and seriousness of life. You will be more relaxed and capable of enjoying life.

The 3 Maturity Number is a blessing in the latter part of life. It promises enjoyment, close friendships, and much happiness.

4 Maturity

Your maturity will find you increasingly practical, organized, and far more down to earth. You will be capable of putting your ideas into concrete form. Your latter days promise to be a time of accomplishment and activity.

You become more focused and goal-oriented and less willing to discard details and cut corners. There is little interest in a quiet retirement. You are too involved in seeing your plans and efforts come to life.

Your family and friends will profit from your four-maturity number because of your increasingly helpful and reliable nature.

However, you must guard against becoming rigid, narrow minded, and opinionated, especially if already several fours are found in your chart. If you are lacking 4s, or have only one or two of them, you will benefit by your increased understanding of systems, organization, and the rewards of a methodical approach to life.

It will do you good to take your time to relax and enjoy the flowers every day.

5 Maturity

There is no slowing you down as you enter maturity. Your influence grows as you become more dynamic and versatile. You now begin to realize your lifelong goal of freedom.

There will be travel and adventure, exciting and unexpected events. Your originality, creativity, and verbal abilities grow stronger.

You will become interested in areas you never before considered. You may tend to become restless and impatient. You may quickly lose interest or become bored with projects that progress slowly. Perseverance is tested, especially because you may find it easy to abandon things that no longer hold your interest. You will have to work to maintain your concentration, discipline, and focus. Do not scatter your energy over to many interests.

This is especially the case with people who have several 5s in their chart, especially among the core numbers.

For those with few fives, the increasing ability to adapt to change and the willingness to take risks provides much spice to life.

6 Maturity

As you mature, you will become increasingly concerned with the well-being of family, friends, and community. You will be drawn to the role as healer, counselor, and teacher. You have a growing ability to give comfort and sound advice to those in need.

You naturally assume the role of patriarch or matriarch of those in your care, no matter how old they are. You become more responsible and protective. You may well become involved in environmental protection, volunteer work or politics.

You are naturally idealistic and strive to realize those ideals as you grow in maturity and in personal resources.

Your careful and balanced approach to business and financial matters provides you with sound and secure success later in life. The 6-maturity number provides an outstanding financial foundation for the future.

In addition, the influence of the 6 promises an old age surrounded by loved ones.

For those who have few 6s in the chart, or none at all, this Maturity Number promises the close relationships that you have strived for most of your life.

7 Maturity

As you mature, you will become increasingly occupied with the larger questions of life, reading, contemplating, and searching for a deeper understanding of who you are and what this life is all about. You may turn to philosophy or religion, but will likely examine a wide array of areas, broadening your knowledge in many disciplines.

Your intuition grows stronger, as does your ability to look beneath the surface of every subject you study. You are able to analyze abstract questions and live according to your higher ideals.

You may find yourself needing more time alone; your need for privacy will likely increase.

If you already have several sevens in your chart, you will have to guard against becoming withdrawn, and alienated.

If you have no sevens, you will now have the ability to deepen your understanding of one particular field. You will have the opportunity to become grounded in a particular area of study.

8 Maturity

As you mature, you will grow in success and financial reward. You will find yourself deepening your commitment to your work. You will find it easier to overcome difficulties that manifest in your path. Your capacity to use power will grow; you will be recognized as a pillar of influence and dependability within your community.

You will have to be strong and self-disciplined to avoid sudden painful material losses. Beware of ego-inflation, the surest symptom of an imminent fall.

The 8 Maturity Number requires a certain degree of detachment from material success; otherwise it will rule your personality and make money an obsession. Detachment allows you to remain focused on the higher values of mankind. One of your important motivations should be a desire to build, create, or market in order to enjoy the game of business.

Your wisdom and sheer common sense are recognized by many and will attract important positions. It is possible that you will be given responsibility for the care and management of other people's property. You may also be asked to guide large institutions.

If you already have several 8s in your chart, especially in the core numbers, you will have to guard against selfishness, accumulation for the sake of status, and greed. If you have few 8s in your chart, or none at all, your opportunity to achieve the success and financial independence is greatly increased.

9 Maturity

Your concern for the wellbeing of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly.

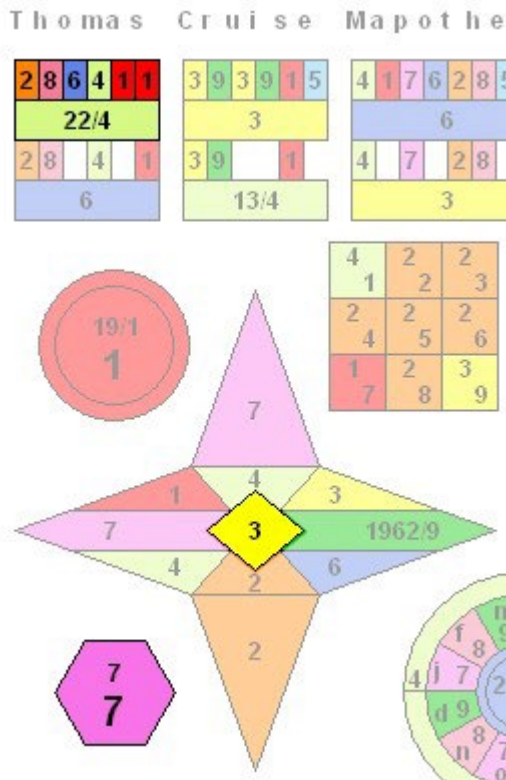

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human races. You will feel you belong and that you have provided something of lasting value for the future.

THE RATIONAL THOUGHT NUMBER.

Your Rational Thought number is found by adding the sum of the value of all the letters in your first name (of your full name at birth) to your day of birth.

Tom s first name at birth (Thomas) adds to 22/4. His day of birth is 3. The result is a 7 Rational Thought number. The symbol used for the Rational Thought number is the hexagon.

THE MEANING OF THE RATIONAL THOUGHT NUMBERS.

Often ignored by numerologists, I consider this an important aspect of the chart. Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow

your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods?

This is the kind of information revealed through your Rational Thought number.

1 Rational Thought

You are an independent thinker, original, and not easily influenced by others. You tend to pursue a line of thought stubbornly, and you can be dominating in intellectual discussions.

You tend to solve problems and plan projects with a straight-forward approach. You rarely allow yourself to be distracted. Quite often, you realize at some later stage, that you did not pay enough attention to the available alternatives, and a project may find itself stuck with no chance of further advancement. When you find yourself facing such a situation your frustration tends to be considerable but of short duration. You simply start all over. You do not give up easily.

2 Rational Thought

You take the subtle approach. You allow your intuition to be a large part of your intellectual explorations.

You are open to the ideas of others, and you may be a little too easily influenced. When you consider a project or face a problem, you tend to allow too many alternatives to cloud the issue. However, when it comes to recognizing the many possible variations, and how they may affect the outcome, you are hard to beat.

You have an uncanny ability to plan projects and solve problems which require a large number of people to actively participate, while at the same time maintaining a sense of harmony and unity among those involved.

3 Rational Thought

You are creative, but your thoughts tend to be scattered. You jump around inside your head without much focus. You produce solutions that reveal an illogical approach, yet they often work. As it applies to you, rational thinking is a contradiction in terminus. You

project, interpret, and analyze your projects and problems in a manner that often leaves others flabbergasted. However, you are unbeatable when it comes to shining new and original light on issues; often producing unique answers.

You have this Rational Thought number in common with a number of famous and original thinkers -- and the keyword here is original -- throughout history.

4 Rational Thought

You are the practical, methodical thinker. You think things through step by step, and you are almost always well-prepared when others question your reasoning.

You may be a little rigid in your approach and you tend to be uncomfortable with new, unproven ideas. You avoid risks, in favor of established procedures. You have no desire to reinvent the wheel. Others tend to trust your judgments and value your participation, in particular because you often function as the proverbial rock in rough waters. You are a stabilizing voice when involved in team projects, especially when chaos tends to take over.

5 Rational Thought

You have a flexible and adaptable mind. You are quick with solutions, and you can think on your feet. You have the cunning of a fox. You can talk yourself out of the tightest situations, but your priority is often winning the contest, not being right.

You love to reinvent the wheel. You have no fear of trying an approach that seems far-fetched to others.

Your adaptability is unique, and you often manage to turn a difficult situation around to make it work in your favor.

6 Rational Thought

You are a listener, and you tend to relate everything to the effect it has on others.

You notice things that escape others, but when you try to find solutions, you often focus on details, forgetting the larger picture. Justice is a major factor in your thinking, many people in the legal field have this number.

When it comes to approaching a project or a problem that requires insight into the hearts and minds of children, very old people, or anyone who is disadvantaged in body or spirit, you have few equals. You are a natural defender of those who cannot defend themselves. Depending on the core-numbers of your chart, you may want to consider a career in the legal field, or in the areas of teaching and healing.

7 Rational Thought

You are never satisfied with a simple answer. You tend to delve into all the aspects of a question until you feel you understand the problem completely. Then you proceed to solve it with clarity and without hesitation. Few people are able to compete with you when it comes to finding answers.

You recognize the underlying factors in a problem situation before anyone else, and you are often able to analyze them in a unique and insightful way.

You are a perfectionist and quickly frustrated when you work with people who like to take short-cuts. You appreciate quality more than quantity in any situation.

8 Rational Thought

You are the visionary, and you focus on the larger picture. You ignore the details in favor of spectacular solutions. You love to blow someone's mind.

You understand the balance between the rational and the irrational, and you have no problem combining the two.

You have a vivid imagination, and you are often surprised that other do not immediately grasp a concept that seems clear and logical to you.

You have little patience when others allow fear and caution to slow down a project.

9 Rational Thought

You are always aware of the expectations of others, and you hold off on expressing your opinion until everyone has had their say; then you point to the mistakes and the things that were overlooked. Your success in solving problems and in finding answers is the result of a process of elimination, more than it is a matter of stringing together logical answers.

11 Rational Thought

The 11 is the illuminator. You have answers and insights based on the proverbial light bulb. Your Rational Thought number is the most magical and difficult to understand (for others). You have the makings of an inventor, or a spiritual guide. You would do well relying heavily on your intuition. You sense things more accurately than you analyze.

22 Rational Thought

A combination of vision and system gives your Rational Thought number the most potential for success. You can switch quickly from the larger picture to any minute detail that requires your attention at that time. You dream big, and you have the capacity to lay a foundation for your dream that gives clear directions for each step, each little detail, which needs to be taken care of. A 22 Rational Thought number can only result from the 11 of the name and the

11 or 29 Birth Day. This reveals a strong intuitive side in you. Premonitions and an intuitive assessment of future effects are strong aspects that can be used and strengthened.

THE PERSONAL YEAR NUMBERS.

How to Find Your Personal Year Number.

To find your Personal Year number for any given year, add the month and the day of your birth, plus the Universal Year number for that year. For example, someone born on May 15 finds his or her Personal Year number for 2003 by adding 5 (May) plus 6 (the fifteenth day) plus 5 (2003) to arrive at a Personal Year number of 20, which is reduced to 2.

NOTE: The Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year. For more about the relationship between your Personal Year cycle, month of birth, and the Universal Year cycles, see www.decoz.com/numerology_tutor_personalyearcycles.htm.

The Current Personal Year for the year in which the chart was made, is shown in the small inner circle of the wagon wheel. The 2003 Personal Year number for Tom is 6. The second wagon wheel shows next years Personal Year number, and the third has the Personal Year number for the year after that.

The Personal Year number for 2003 is found inside the first wagon wheel.

Surrounding the Personal Year are the 12 pie shaped spaces devoted to the months of the year.

Each of these spaces contains a letter to indicate the calendar month, and a number revealing the Personal Month cycle number for that particular month. (See below for Personal Month and Day calculation methods.) For example, in the figure above, the Personal Year number for 2003 is 6. Between the spokes for 9 and 10 o'clock, we see a j for January, and the number 7 to indicate that Tom's Personal Month number for January 2003 is 7. The f is for February, which is an 8 Personal Month, and so forth.

The top row of the wave reveals the person's age. As you can see, Tom will be 40 in the early part of 2003, and 41 after his birth day. Each column in the wave is one year.

In the lower part of the wave, you see the number 6. This row has also been assigned to the Personal Year numbers, reflecting the Personal Year number for each year from 1982 through 2032.

NOTE: You may have noticed that there is a gap between the 7th and 8th row of the wave, and that the last three rows appear to have shifted to the left. This shift illustrates the fact that the cycles in the upper part of the wave run from birth day to birth day, and the cycles in the lower part of the wave run from January through December. Tom was born in July. Therefore, the cycles in the lower part of the wave started 7 months before his birth, or more accurately, Tom was born when those cycles were already in place, because they are connected to the Universal Year cycles.

THE MEANING OF THE PERSONAL YEAR NUMBERS.

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year. Transit and Essence cycles are based on the letters of your name and run from birth date to birth date.

There are nine personal year numbers, which makes up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your growth. Your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

The Personal Years form the building steps that mark your progress through life.

1 Personal Year

Be ready for major changes. You will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals.

This is a time for vision and planning. Share your dream with others; make plans, get the necessary support, but, above all, rely on yourself as the driving force. Be decisive!

You are starting a new nine-year Epicycle. Everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, bold.

You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It is a time to take charge and to apply yourself to your dream.

This is also a good time to make the personal changes you have long wanted to make: start a diet, an exercise program, begin a new course of study.

There may be some emotional turmoil, especially in the first two or three months. It takes a while to get the ball rolling. There are many changes you must make and much work to be done.

Be open-minded, organized, and focused. Avoid distractions and procrastination.

You are at a crossroads. You will need courage and a clear head to stay on the right track.

This is a year of opportunities.

The key months in your year ahead are March, in which you are able to lay the foundation to your plans; April, in which changes take place such as a change of residence or career; July and August mark a time in which you will see the fruits of your labors begin to take place; October represents a major turn in events, often fraught with emotional turmoil; the fall marks a coalescing of your plans into more concrete form.

2 Personal Year

This is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined.

You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals yet use intelligent persuasion. Being forceful may work against you; compromises will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from you now -- a delicate sense of balance and a willingness to go around obstacles, without losing sight of your goal.

You may experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans.

This is a year of slow growth, requiring patience.

Be discriminating in your associations and secretive about your plans. Do not talk too much about your ideas; be a bit secretive; guard yourself and your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared for the future.

You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even lifelong relationships this year. Because sensitivity and openness are heightened, many people find their "soul mate" in a two year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 year is a year of growth and advancement, but through gentle means, and the indirect use of your personal power.

3 Personal Year

This is a year of expansion and personal growth. It is a time of heightened personal expression. Creativity and artistic talent come to the forefront. You are lighthearted and drawn to all kinds of social events.

More than most other years, you will entertain and be entertained. You meet new and exciting people. It is a time to appreciate all that you have.

You are highly dynamic and charismatic. Your challenge is to avoid scattering your energies. You have a rare opportunity to bring forth new and creative ideas. But that requires discipline and focus.

It is easy to be optimistic and enthusiastic this year and this may result in speeding up your projects. Yet there will be delays and disappointments unless your enthusiasm is based upon the reality of work and concentration.

This is a pleasant time in which friendship is enjoyed and love shared easily.

This is often a good financial year, particularly if your creativity is well directed. Surround yourself with upbeat and positive people.

You may travel more than usual, which in all likelihood will be filled with exciting people and pleasure. Control this year's tendencies towards glamour and extravagance yet allow yourself more room to enjoy and celebrate.

You communicate well this year and are more capable of getting your ideas across.

Love is in the air.

February brings changes; June sees the completion of a project and July signals a new beginning. August can be emotional, as can November.

4 Personal Year

This is a year to be organized and practical. Take care of details. Commit yourself entirely to your goals.

Your concentration and ability to focus will be much improved over last year. You will have an attitude of realism and determination.

You must be flexible this year to make full use of the opportunities that present themselves. It will require a combination of perseverance, hard work, and versatility.

You will receive recognition for your efforts and support from your friends and family.

It is a good year to buy real estate or remodel your home. It is also a good time to take care of projects which have been postponed for too long.

Fulfill your obligations and do not be afraid to spend some of that hard earned money. Selling and trading during this year usually is quite successful.

This is the year to work on your foundation and prepare yourself for the many changes that will undoubtedly come next year.

As a result of your hard work, there will be much satisfaction and a feeling of accomplishment.

January and February will bring some important change, a new opportunity perhaps. March requires self-reflection and reshaping of your plans. It is a good time to meditate on what lies ahead. June brings a new and important step -- a breakthrough, perhaps -- in your work. October brings changes and a sense of chaos. You may feel threatened

by the changes that are on the horizon. But November brings assistance in the form of a promotion or additional financial support.

5 Personal Year

This is a year of dynamic change. Many surprises will come your way. Be open and ready to embrace new opportunities.

Do not be overly careful this year. This is a year in which a major step forward can take place if you are willing to take some calculated risks and do a little gambling. Wisdom and prudence is the key, but you will definitely be faced with choices that require fast action and a willingness to act before all the facts are in.

This is an exciting year in which you will be required to promote yourself in order to take full advantage of the opportunities that await you.

There will be increased opportunity to travel and possibly a change of residence.

You may be tempted by the desires of the flesh: too much food, alcohol, sex, and drugs. Be careful and discriminate. You could make mistakes in these areas.

You will have some unexpected adventures and lucky breaks this year.

This can be an unsettling year if you try to cling to outmoded methods or characteristics. This a year to throw off the old and adopt the new. It is a rebirth and a release after last year's struggle.

This is a year in which change takes place consistently, and particularly so in April and May. July is a breakthrough, a time to enjoy life. September can be intense, while October requires tact and balance in relationships.

6 Personal Year

This is a year of progress and financial advancement. Major career opportunities present themselves. It is a challenging year in which personal growth is joined with new responsibilities and challenges.

This is a year of domestic responsibility and attention to the needs of family and friends. It is a time of heart felt emotions and some sacrifice. It is a time for comforting and caring.

You realize the importance of your place within your community. You will be called upon to help others bear their burdens. You are the proverbial friend in need.

You must work to create an atmosphere of harmony and balance. It is often a time when marital issues surface and need attention. However, you possess the understanding to deal with such issues effectively if you apply yourself with love and flexibility.

These deep feelings bring renewal to relationships and often a birth in the family.

May is an emotional month filled with the promise and the stress of imminent changes. June is a breakthrough and a relief. September brings advancement, October self-reflection and readjustments, and December brings a sense of completion and fulfillment.

Personal Year

You will experience a strong tendency to spend more time alone, to delve inside and find some answers and to reach a better understanding of yourself. This is not a year for social activities nor is it a year to try and reach goals on a material level. You will find that the necessities of daily life seem to be taken care of by themselves. There is no need to be overly concerned regarding your material needs. Without slacking on your daily duties and responsibilities, you can afford to give more attention to yourself.

This is a year for inner growth. It is your spiritual and mental presence that requires attention. Improve the quality of your life, read, contemplate, and gain insight in yourself. You are important now. Rest and attend to your health.

It is during this year that you strengthen the foundation of your life, after all your success in all matter's rests upon the strength of your inner self. There will be many strange and unusual events inspiring you to take a closer look at life and an opportunity is there to experience the joy and beauty of life without any artificial or exterior involvement but purely the growing awareness of yourself. Too much concern and desire for material

rewards will turn this period of your life into a very bad experience indeed, while a "let go and let god " attitude will make this such a fruitful and pleasant year that you may find yourself wondering what you did to deserve this.

8 Personal Year

After last year's constant involvement with yourself and very possible occasional doubts about the state of your business or career you will find this year to be a relief. Things finally work out. Long postponed checks and promotions come through. You see the light at the end of your financial tunnel and an inner strength and confidence is breaking through. This is your year of harvest and , depending upon the effort you put out in the past seven years , your reward will be equally large.

There is a beauty in these cycles we can recognize and understand and in doing so we find ourselves "in the flow" and there is no longer needed to try and struggle upstream. So this year you will have an opportunity to involve yourself fully in work and material growth and bring home the rewards, at the same time a certain detachment is also necessary, for you and for the experience you have because it is not the reward that brings you happiness but your experience of life, which is why before the rewarding eight year you have had such opportunity for growth during the soul-searching of a seven year.

Give in to your ambitions, you will find yourself clearer and more focused and able to pursue and reach your goals. Your power is visible and strong, mental creativity is high, vision and intuition will guide you, and at the same time you are more efficient and focused. There can be loss, serious loss, bankruptcy, and failure, because always the rewards are directly proportionate to your effort and motivation, however you know the effort you put out and you know your motivations, so there must be no room for fear and doubt, only for success and winning and this year will undoubtedly turn out to be a very satisfying year.

9 Personal Year

This is your year to finish all unfinished business, to clean house and make room for new things. On a material level this is a good time to get rid of unnecessary weight, to give away or sell what you do not need anymore and to pay off old debts. On a spiritual

level you will experience a different mode altogether. Your attention should turn to others and their needs, find ways to be of help and give time and energy to worthwhile causes. You must lighten your burden of questions and doubts and the best way to do so is by directing your attention to another direction, away from yourself and you will find yourself becoming lighter and more in touch with yourself.

This is a time of completion, problems can be solved and over with, strained relationships relax or disappear, the sources of stress in work or business can be better understood and dealt with. Be social and communicative, enjoy music and other arts. Your creativity is higher than usual. There can be some difficulties this year due to your desire to face obstacles and overcome them, decisions have to be taken and your courage and strength may be severely tested several times, this is not going to be an easy year all the time, but you will feel relieved and on the brink of a positive breakthrough by the end of this year.

This is the end of a nine-year epicycle, and you will feel many times the excitement of a new and promising era when optimism is your friend, but you will also experience the fear of letting go, however the more you let go the more room there is to be filled during the next epicycle.

THE PERSONAL MONTH AND DAY CYCLES.

Just as we evolve through a nine-year cycle, so, too, do we experience nine-month and nine-day cycles, even though their impact is subtle compared to the Personal Year cycle. The Personal Month and Personal Day cycles proceed according to the same pattern -- 1 through 9 -- that the Personal Year cycle does. The numbers within the monthly and daily cycles have a similar, though less pronounced, impact on us than the yearly cycle has.

We can think of the yearly, monthly, and daily cycles as spirals within spirals, all interconnected. In any case, the patterns are essentially the same. They widen and encompass greater sweeps of time - daily, monthly, and yearly patterns -- thus becoming more profound and powerful as they grow.

How to Find Your Personal Month and Personal Day numbers.

To find your Personal Month, add the single-digit value of the month to your Personal Year number. For example, someone with a 5 Personal Year who wants to know his Personal Month for July should add the 5 (for the Personal Year cycle) to the 7 (for July) and arrive at 12, which is reduced to 3. July is a 3 Personal Month for someone in the 5 Personal Year.

To find your Personal Day number, add the number of the day to your Personal Month number and reduce the result to a single digit.

THE TRANSIT CYCLES.

The Transits are found among the individual letters of your name and are used in conjunction with the Essence Chart to provide additional information about your year ahead.

Your name can be viewed as a piece of music that vibrates in time. Your life, therefore, can be visualized as a musical score, with the individual letters making specific contributions at given points, just as notes in a musical piece are played at specific moments to give a piece of music its rhythm, character, and nuance. Each note or letter has a specific duration and influence over your life during a specific period of time.

How to Find Your Transits.

The Transits are derived from the letters of your first, middle, and last names. Each name provides information on a particular level of your consciousness: the physical, mental, and spiritual. The Physical Transit is derived from your first name; the Mental Transit from your middle name; and the Spiritual Transit from your last name. For those who do not have a middle name, the last name provides the Transit information for both the Mental and the Spiritual. For those who have more than one middle name, the middle names should be strung together into one long name. If you received more than one last name, string the last names together into one long last name.

Each letter of the name lasts for as long as the value of that letter.

Let us use Tom Cruise's chart as an example. His first name, Thomas, is used to find his Physical

Transits. Starting at birth, the T in Thomas's name has a value of 2, and therefore lasts for two years. The H follows that two-year period with a numerological value of 8, which will last for 8 years. The letter O has a value of 6 and lasts for the next 6 years, and so forth.

When you add the numerical value of each of the letters in the name Thomas, you find that Thomas has a full numerological value of 22, and therefore lasts for twenty-two years, at which time the name's influence will return to the T and go through the letters again.

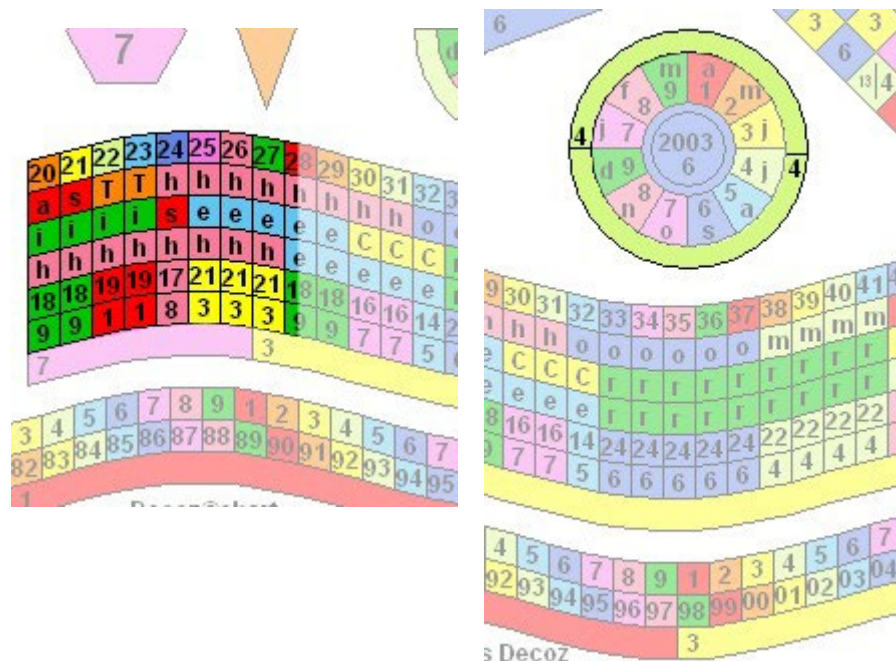

For the Mental Transit, we use the name Cruise. For the Spiritual Transit, we use the last name Mapother.

As mentioned earlier, the top row of the wave contains the individual's age. Below the age, we find the Physical Transit. Below that the Mental Transit, and then the Spiritual Transit. In this illustration, we see that we started the chart at age 20, at which age Tom has an A Physical Transit, and I Mental Transit, and an H Spiritual Transit. The letter A has a value of 1 and therefore lasts only 1 year. The letter I has a value of 9, so Tom must have entered this particular Mental Transit five years before age 20. The H has a value of 8 and will therefore occupy his Spiritual Transit slot for 8 years.

THE ESSENCE CYCLES.

The Transits are the individual letters and individual influences. The Essence cycle number is the combined total of the Physical, Mental, and Spiritual Transits that are influencing you during a particular year of your life.

The current year's Essence Cycle also appears in the outer ring of the first wagon wheel. The next two wagon wheels show the Essence cycles for next year and the year after that. Notice that in the case of 2003, the year starts for Tom with a 4 Essence, and, after July (notice the

mark at the July level) the Essence again is 4. It is quite common to repeat Transit and Essence cycles.

The Essence cycles are shown on 5th and 6th row. The 5th row shows the double-digit sum of the Transits.

The Essence cycle is the sum of the Transit Cycles for that year. In Tom's case, age 20 shows the following Transits: the A (value =1), the I (value = 9), and the H (value = 8). Adding the Transits together, we come to 18, which reduces to 9. I like to see both the double-digit number and the single digit number to which it reduces, because I consider the Essence Cycle very important. It also makes it possible to quickly see if Master numbers or Karmic Debt numbers are at play. In Tom's case, we see that during the ages 22 and 23 Tom was influenced by the 19 Karmic Debt number.

THE MEANING OF THE ESSENCE CYCLE NUMBERS.

The Essence Number and the Personal Year Number are the two essential indicators of the forces that will influence your life during the course of any year. While the Personal Year runs from January to January, the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for the year 1988, you would begin to feel the influence of that

8 most powerfully after your 1988 birthday. The influence would begin to wane during 1989 and would finally end at your birthday of 1989.

The Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year, that is, which types of behavior will be supported by your milieu, and which ones will be less effective.

1 Essence

You will now begin an entirely new phase of your life. You are on the threshold of a new beginning. Not only will fresh ideas come into your life, but you will accept and even embrace them. It is a time of radical change, and in all likelihood, you are ready for it. Now is the time to advance the new and let go of the old. All inefficient methods will have to be eliminated from your life. In the same way, you must let go of relationships that no longer serve your future. Discard habits and liabilities that you have been holding on to. A new identity is emerging, one that is efficient, innovative, highly creative, and courageous.

Your leadership qualities will rush to the surface. Your environment will demand that you stand up to challenges, and face difficulties head on. You can no longer hide from the truths of your life. The facts are now blatantly clear. You must make a stand. Change is a given. But you possess the power to make those changes. All you need is the will and the energy to enact your plan.

This is a period of struggle and great reward. You have the chance to achieve independence. But it will not be handed to you. You must wrest from old habits and inertia of the past.

As with all beginnings, this one will be marked by false starts and blind alleys. You will be forced to start again and again. You are like a baby learning to walk. There will be falls. You will have to persevere. This is a period in which your willpower will be tested. You are, in fact, forging your own determination. You must not give up. But the rewards are great. The general influences are raising you to new heights of independence, courage, and self-esteem. At the conclusion of this 1 Essence, your self-knowledge and self-respect will be greatly increased, as will your capacity to stand on your own two feet.

2 Essence

You must learn to cooperate with others in order to accomplish some greater good. This is not a time to lead, but to follow. You must be content to draw your guidance from the environment and those in positions of greater power. You must maintain your own center, but avoid arrogance, rigidity, and stubbornness. The more you insist on your own priorities, the more resistance will you meet.

This is a period of partnerships. Your success depends on your ability to work with others.

You will be extremely sensitive and intuitive. Your powers of understanding will be at an all-time high.

These abilities will give you the insight you need to perceive subtle changes in people and situations. You will therefore be better able to adapt to changing circumstances.

Your intuition makes it possible to accomplish great tasks, even though you may not be in a leadership role. The reason: you instinctively know how to react to change, and to gently advise people to go in the right directions.

Your role as an advisor or confidant is the key to your success during this period. You are learning the lesson of interdependence. You will also come to know how valuable you can be in a more passive role. It is a period to serve, to be the helper, the assistant. Your ability and willingness to work with others will be tested and rewarded.

It is essential that you listen. Be shrewd in your evaluations of others and of situations, but do not enforce your judgments directly on people.

Your sensitivity will make it necessary for you to seek out harmonious and peaceful environments. Be careful of the health of your nervous system. You can become anxious more easily during this period. Therefore, seek out people you trust; share your deeper feelings; allow yourself to be supported by friends and loved ones. Keep your spirits high and avoid depression.

Music plays an important role during this period. Any musical talent you possess will be enhanced. You even possess a certain physical grace that can emerge in dancing, athletics, or simply walking down the street.

In your passive, centered way, you will be charismatic and attractive to others. People will sense your fine intuition and sensitivity and seek you out for private talks. Be loyal to friends and partners.

Remain strong inwardly and flexible without. In this way you will avoid the obvious difficulties and remain on your path to success.

This is a period of accomplishment through gentle persuasion.

3 Essence

Your ability to express your self will reach an all-time high. Any talent you possess in the arts -- especially in writing, acting, or other performing arts -- will be greatly enhanced. This is a period of success through personal creativity. You have much opportunity to advance yourself and career through your own personal expression, charm, and creative talent.

This is a social time, filled with much fun and friendship. You will feel lighter, fresher, more alive than in previous years. It is as if life has relieved you of a burden, allowing the more creative, upward, and joyful energies to flow more freely.

People are naturally attracted to you. They sense your joie de vivre, your spirit, and creativity.

Your challenge is to focus your heightened creativity on a worthwhile task. Discipline is essential. Choose a goal worth reaching. Pour your energies into something that will last. In this way, you will emerge from this period having accomplished something worthwhile and learned to harness your creative abilities.

If you fail to focus, you will likely spend your opportunity and creative urges on loose talk, superficiality, and socializing.

This is an emotional period. The upward, heart-centered energies are peaking, bringing with them many old emotional issues. You can easily exaggerate the importance of an unkind word or react too emotionally to a troubling situation. In short, you need perspective now.

You are in a highly volatile period, making you highly creative, sensitive, and given to emotional mood swings.

You are highly romantic and given to fantasy. There can be many wonderfully romantic times; however, it is important to avoid being swept away by your fantasies. Do not fail to see people for what they are.

This is a time when you will learn the value of your personal expression, and your own uniqueness. It is a time of personal accomplishment and advancement.

4

Essence

This a period of much work, attention to detail, and advancement in your career. Your rewards will be directly proportional to your effort. Much will be demanded of you, but you now have the opportunity to lay a sound foundation for your life.

You must be orderly and disciplined. Attention to detail in all areas -- especially in personal finances and business -- is a necessity. Your workload will likely increase. Only through the correct management of time and resources will you be able to apportion your energies correctly to meet the increased demands made of you.

You are now being trained in the ways of the world, and only sound practical management will bring you the results you desire. Any flimsy or unsound business practices will likely bring trouble and increased work for you. Only by dealing with reality -- that is, by facing situations exactly as they are, and not how you might like them to be -- will you be able to find the correct path to success.

Avoid feelings of restriction or limitation. Be economical in all your expenditures. Be sure to care for your health. Maintain a healthy diet and follow a sound exercise routine. Pay attention to preventive health methods and get the rest you need. But know when

to allow yourself some breathing room. Be moderate in all things, including moderation. Balance is the key to this period.

In-laws and family members can be demanding during this period. People see you as a rock of stability and are naturally attracted to you for support. Be helpful without allowing yourself to be used. You are being called upon to work hard and establish a firm foundation upon which your life will rest for many years to come.

5 Essence

This is an important time of progress and advancement along the lines of your talents. You will experience a relief from burden and increased personal freedom. Any talent you possess in writing, public relations, and the arts will be greatly enhanced. At the same time, business matters flow quickly and new opportunities for expansion seem to arise out of nowhere.

People are attracted to you and seek to help you achieve your goals. You possess an almost magical ability to promote yourself. Your fluency with words is greatly increased. You are more charming and attractive, which opens many new doors.

This is a period of travel and much learning. Opportunities to visit distant lands, encounter foreign cultures and peoples, and learn about life will come to you. Your personal growth will speed up considerably.

As such, many old habits and outdated methods will fade from your life. It is as if you are being catapulted from the old and outworn, into a new and fast-paced period of personal growth and development.

Your desire to satisfy your senses will also increase dramatically. You must be careful not to overindulge in food, alcohol, sex, and even drugs.

Sudden events and chance occurrences will come your way. You must be alert to your opportunities. This is not a period of sitting back and waiting, but a time to move ahead rapidly.

Your challenge is to remain focused on your more long-term goals. Be disciplined in your work. Do not have too many irons in the fire. Sort out the important projects and

endeavors and see them through from start to finish. Focus, discipline, and completion are the keys to your success.

6 Essence

This is a time of responsibility, duty, family matters, and high ideals. You will be called upon to support others and maintain a high life condition while you do it. Others look to you as an inspiration and a source of guidance. There is an element of self-sacrifice present in that you must serve those closest to you. Unselfishness and a willingness to be of help to others are the keys to your success. You will likely experience advancement in business, career, and financial matters. Progress comes more easily during this period, as new opportunities open up to you. At the same time, your achievements bring added responsibility and new demands. You will have to devote yourself entirely to the task at hand to realize your goals.

This can be an emotional period, as family members may be demanding. The whole issue of love comes to the forefront. Your ability to love and be loved will become starkly clear. This is an essence during which many marriages and divorces take place. People discover how much they truly love their partner, or how little love they have in their lives.

Protect your family relationships. Work to maintain harmony in your home. Especially stay focused on the needs of children.

There can be a domineering figure in your life who can oppress you during this time. The key is to be balanced and centered when dealing with all authority figures. Refuse to act rashly or emotionally. Remain focused and in harmony with your long-term goals.

If you keep a strong hold on your ideals, you will gain many supporters and admirers. This brings many great rewards and much appreciation. New and lasting friends come into your life now, and many seek to advance you along the lines of your abilities.

There is a strong artistic urge present. Those with artistic talent, or already working in the arts, will find their abilities greatly enhanced, with many new and rewarding chances for advancement. Most people under the 6 Essence will improve their lives and experience growth in their career goals.

7 Essence

This is a period of much self-reflection, analysis, and inner growth. The journey now is inward. You will feel a need to spend more time alone to contemplate your life and those close to you. The questions that pursue you are the fundamental ones of life: Who am I? What am I doing? Why am I doing it?

Your environment or milieu will seem more aggressive than during previous years. This is more a function of your heightened sensitivity and intuition. This will naturally drive you deeper within yourself, causing you to ferret out the important issues that have directed your life to this point.

In order to deal effectively with those around you -- especially family members and co-workers -- you will have to refine your expression in all respects. Do not push people too hard, lest you damage close friendships unnecessarily. This is not a time for being extroverted or aggressive. This is a time of introversion and deeper self-understanding. Be gentle with yourself and those around you. Think carefully before making important decisions. Be cautious when making major changes.

It is a wonderful time to study and to specialize in one particular field. Your ability to think deeply and clearly is at an all-time high. Indeed, your mind is your best tool. You are attracted to the great books, new realms of study, and higher learning. You have the ability to focus and concentrate. You can penetrate below the surface of subjects, to see the inner workings of yourself, others, and life around you.

Avoid becoming cynical and skeptical. Do not be too intellectual, lest you leave your heart behind. This is a time of deep spiritual and psychological integration. The head and the heart should be working together, not opposing each other.

You will likely discover what you most enjoy doing now. Follow these urges; study areas that you have long neglected but wanted to pursue. The inner-self guides you during this time. Listen carefully to its advice.

8 Essence

This is a period when business and career affairs dominate your agenda. A major new opportunity will unfold to you, and you will have to give yourself to it entirely to make it

work. It is a time of progress and much personal power, but the demands of the time are equally large, thus requiring careful planning and attention to detail.

All business matters -- including personal economies -- will come under sharp scrutiny. You will likely have more money than during previous years, but, conversely, you must be more careful with it.

A new start can be made. You sense the need to grasp it. But you also are aware that it must be treated with great care. Therefore, be astute in all your business dealings. Major mistakes can be made if you are not careful, and they can affect you for some years to come. It a time of cautious use of power. You are being asked to develop wisdom in all your dealings.

Balance -- in areas from your mundane affairs to your eminently important relationships -- is the key to your success. Keep a tight control on your bookkeeping, while providing strong leadership and gentle guidance to your family or close associates.

It is also a time when old issues -- especially debts from the past -- surface with a vengeance, making it necessary to pay the piper before further progress can be made. The irony is that while you have greater resources, there are often equally large demands made of you.

This is a time, too, when you will realize that you are a survivor. No matter what difficulties you have experienced in the past, this is a period when you can regain a sense of progress in career matters. You will feel that you are doing important work and will be richly rewarded for it.

9 Essence

This is a period during which your ideals will be tested and forged anew. You will be broadened in ways that you would never have dreamed possible. You will likely experience a dramatic psychological and spiritual expansion. Old relationships that no longer have a place in your life will be let go of. Even old habits or characteristics that you believed were fundamental to your identity seem to evaporate.

There is a need to forgive those in your past and let them get on with their lives, as you must with yours. Hanging on to negative attachments, either out of anger or a sense

that justice has not yet been done, will bring you much misery and, if the courts are involved, protracted lawsuits.

You now have the ability to reach out to the masses. This is a time requiring much self-sacrifice and service to others. You are deeply affected by the pain and sufferings of others and will feel a need to change your milieu or society for the better.

Those in the arts, especially actors, writers, and other performers, will see an enhancement of their talents and the opening of many new opportunities for advancement.

Your focus is outward in a big way. Teach, perform, and advance society in your own way. Dedicate yourself to a higher cause. These are the areas that will meet with much success.

Conversely, selfishness, negativity, and pettiness will blow up in your face. The time demands a broad view of life. You are now the visionary, who must see the greater trends in humanity. Out of this will come much compassion for all. This is the lesson of the period: That as you work for the greater good of society, you will be personally rewarded, so much so that your cup runneth over.

11 Essence

This is a time of enormous sensitivity and equally enormous change. Your intuition is galvanized. You are capable of even psychic experiences. But your awareness of the higher realms serves to throw a light upon all that is low and unenlightened in your own life. The contrast can be shocking.

You are all-too aware of your shortcomings as a human being. This can drive you more deeply inward. You are extremely self-conscious. There may be feelings of failure and self-recrimination. These must be kept under control.

All of this stems from an element of shock present in your life. The very ground upon which your personality is based seems to have experienced an upheaval. This psychic quake can often be replicated by some event in your life. Consequently, your identity is shaken.

It is a time to search yourself. Are you happy with what you are doing? Is your work directly in line with your higher values and talents? This is a period of self-review in which you will have a great opportunity to set your life upon a more deeply spiritual and lasting foundation.

Consequently, you can make much progress and experience a great deal of future happiness as a result of this period. There is a realignment occurring that is putting you in touch with your deeper nature. The inner and the outer are now becoming one. It is a period of quickened psychological and spiritual growth.

Your intuition now will guide you safely from the storm. While your emotional life may be turbulent, your intuition gives you a sense that you are on the right track. In fact, you have not lost direction, but taken a quantum leap along your path. It can be a bit jarring, but altogether positive.

Meditate, pray, seek out harmonious settings, take walks in the woods, and be close to nature. Let the inner self guide you to a greater happiness.

There can be many wonderful inner and even psychic experiences that reassure you of the love and support coming to you from the universe itself. It is a time of illumination on all levels. Make the most of it. Allow the higher forces to guide your rapid growth.

16 Essence

There are edifices of thoughts and behavior patterns that keep us from experiencing our true natures and the deeper happiness within. By some great benevolence of the universe, these edifices collapse from time to time. You are now in one of those benevolent periods.

This is the proverbial dark night of the soul. You will find many things not working out as you had planned. There can be many unexpected, turbulent, and shocking events. There are debts to be paid that may seem unduly harsh or imbalanced. The time is confusing, and you may feel that you have lost direction entirely.

Your challenge is to surrender to the larger forces that now seem so threatening. Let the transformative powers redirect you. This is the surest path out of the confusion that now dominates your life.

The 16 Essence is very like a storm that seems, on the surface, to be knocking down buildings, but is in fact rearranging your life so that you emerge healthier and happier than before.

The 16 Essence usually does not last long. You will find yourself on much sounder footing and in much better circumstances once it passes. You are experiencing the night that will surely bring the dawn. With it will come a new life.

Part of the lesson you are learning is gratitude. Take time to truly examine everything that has been given to you. You are overlooking the love in your life, the talents you have been given, the good things that have been added to your life without your acknowledgement. There is something of a blind spot in you that has brought about the current period of confusion. Now is a time to self-reflect and to truly take stock of your life. Gratitude is one of the keys to a healthy transformation. Offer thanks to the Universe for all that has been provided you.

This is an act of true magnanimity because you likely feel that you have been treated unjustly by the greater forces. But such thinking is a delusion that has blinded you to your true nature and destiny. Open your heart. Accept that your vision is not of the infinite, but of the relative world. Accept that the infinite is guiding you lovingly and toward higher planes of consciousness. Surrender to the greater forces. This will cause you to open up to the higher planes and allow them to guide.

Now is a time to develop faith. The power of faith can help you feel secure in the midst of change. Faith allows you to feel that you are heading in a good direction, even when you do not know what that direction is. Faith is the key to your happiness now.

Meditate, pray, do regular spiritual practices. Take care of your health with sound diet and exercise programs. Try to eliminate all unhealthy attitudes and practices. Live a more enlightened inner life. Trust.

19 Essence

You are in a struggle for independence and possessed by personal ambition. You will feel the need to work hard to establish yourself and your foundation. You are forward looking and even visionary, but for personal gain.

This is a period of struggle. It is a time when you may feel torn between your personal desires and your concerns for others. It can be a time marked by stubbornness and rigidity, characteristics you will have to keep in check.

This duality between the lower desires and the higher realms of love can cause you much internal conflict. Secretly, you may feel torn between a desire to serve some greater good, and your ambition for personal accomplishment. You are aware of the needs of others. At the same time you are skeptical of ideals and idealists. You may tell yourself now that you must be realistic in your dealings with the world. But you must avoid shutting out the voice of your higher nature. Do not let your higher ideals go, lest you be guided exclusively by materialism and greed.

All too often, those in the 19 Essence finally resolve this conflict by conceding to personal ambition and selfishness. This can lead you to much trouble. People may perceive you as greedy and self-centered. Because you are driven by ambition, you may be attracted to people who have no other priority but personal gain. For some, this will lead to shady business practices and even brushes with the law.

This can be a time when you feel a need to pull back from others and become less social than during previous years. But this can lead to isolation. You may also feel frustrated because your ambitions want instant gratification, which the time does not allow.

The challenge during this time is to strike a balance between your worldly needs and your inner spiritual nature. The time requires much soul searching and a willingness to accept the perspective of others. Do not shut yourself off or become jaundiced to your more idealistic brethren.

At the conclusion of the 19 Essence, the person is often better off materially, and far more independent, but there may also be a sense of disconnectedness from friends and loved ones. Therefore, it is important to work at maintaining close ties. Be open to others, and recognize that

"man does not live by bread alone."

This is a period of enormous demands and, consequently, the chance to achieve greatness. You will find yourself at the center of some larger movement or social cause. Power has come to you, but you will need every ounce of strength to accomplish the task that lies before you.

You now serve some greater social good. Selfishness, pettiness, and timidity will cause you much trouble. They are antagonistic to everything that you have set your sights on.

Now is a time to build some great and lasting edifice. That edifice may be physical -- a building or a business, for example -- or it may be social

-- advancing a truly worthy social cause. Whatever it is, it has come to you from a higher plane, or what might be termed the archetypal world.

You will see this truth everywhere you look. Practically speaking, people's well-being -- their livelihoods or general attitudes -- rests in a large measure with what you do.

People naturally look to you for leadership and inspiration. Your vision is truly wide and distant in scope. Your actions have dramatic effects. Therefore, you are more cautious and responsible with what you do.

This can be a sensitive period. You are being asked to live according to higher ideals. Your values must be above reproach. Avoid disagreements; be magnanimous and patient with others. Take the slower, sure path toward problem solving. Get sufficient rest and take care of your own personal needs. Be balanced in your activities. Avoid excessive work.

Pay attention to detail without losing your vision of your longer-term priorities. You are now building a foundation for something that will serve a greater social good. Think big and take practical steps to ensure that your dreams become reality.

THE PINNACLE CYCLES.

To find your First Pinnacle, add the numbers of your month and day of birth, arriving at a single-digit number. For example, if you were born on May 15, 1949, your First Pinnacle would be found by adding the 5 (for May) and the 6 (for the fifteenth) to arrive at 11. Master numbers encountered during the Pinnacle calculations are not reduced. Someone born on November 5 would add 11 (for November -- a Master number) and the 5 to get 16, which is 7.

To find your Second Pinnacle, add the day you were born to the year of your birth. Using May 15, 1949, again, add the 6 (for the fifteenth day) and the birth year 5 (for 1949) and arrive at another 11. To find your Third Pinnacle, add the sum of the first and the second Pinnacles -- in our example, 11 plus 11 -- and arrive at 22. The 22 is a Master number and is therefore not reduced.

To find your Fourth and last Pinnacle, add your month and year of birth. Using the example, add 5 (for May) and 5 (for 1949) to arrive at 10, which reduces to 1.

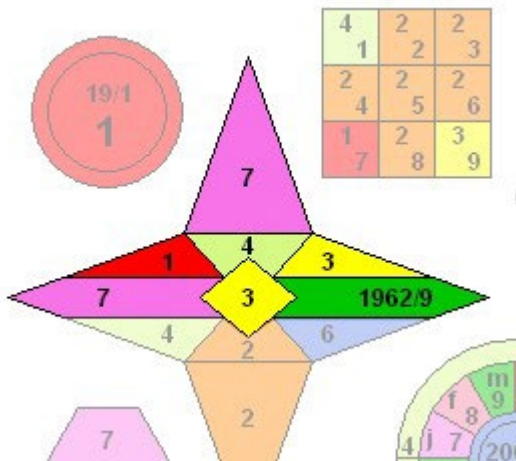

NOTE: The calculation methods for the Pinnacles are similar to the Challenges, except that we subtract to find the Challenges, and for the Pinnacles we add the birth date units. This must have given some numerologists the idea that the Challenges are cycles covering the same time ranges as the Pinnacles. This is not the case. Challenges are not considered. The influence of the 1st, 2nd, and 4th Challenges weakens or strengthens during the early, middle, and later part of life respectively, while the Main Challenge is in place throughout your life.

We will use 5/8/1948 as our example during the audio lecture. See the chart below.

Audio lecture: [The Pinnacle cycles](#). 18 Minutes.

The First Pinnacle (in Tom's case a 1) is shown above the month and day of birth. The Second Pinnacle is a 3 and appears above the day and year of birth. The Third Pinnacle is a 4 and is centered right above the day of birth. The Fourth Pinnacle is a 7 and occupies the top triangle of this star-shaped figure.

The Pinnacles are also found on the bottom row of the wave.

THE MEANING OF THE PINNACLE CYCLE NUMBERS.

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson on which we are working. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number. The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two-year period is particularly strong. You will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number. You begin to feel the impact of this coming change approximately two years prior. This is usually a

difficult transition, but once crossed provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

1 Pinnacle Cycle

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power.

There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender.

Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity. This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful.

You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life.

Be careful not to become too self-centered, headstrong, or self-important. Be strong but flexible. Be open to the counsel of others but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith.

Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams.

These characteristics provide great opportunity for success and major accomplishments.

2 Pinnacle Cycle

This Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations will likely work against you. You will find the most satisfactory roles to be supportive. You are now a gifted advisor, a diplomat, and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Your challenge during this period is to bring balance to duality in every form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may succumb to fear and hesitation. All of this can lead to emotional turmoil.

You need courage and the willingness to reach out for support.

Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you.

You have an increased appetite for music and the arts in general. You may find that your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up.

A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting

the recognition you deserve. You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check.

You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful. The world depends on those who maintain harmony and balance.

Pinnacle Cycle

This is a highly creative period. Your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward.

This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature.

You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past.

All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

4 Pinnacle Cycle

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming.

You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease.

The need for efficiency, orderliness, and methodical systems limit your creativity.

Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

5 Pinnacle Cycle

This is a period that will teach the realities of freedom and expansion. You will travel great distances, meet many new and interesting people, experience many adventures,

and essentially come to know the world. You are in a period of accelerated experimentation and learning. Experience is your teacher.

Your ability with words is greatly increased. You can write and speak with ease. You are also able to successfully promote yourself. In fact, this is the source of much adventure; new opportunities for work, travel, and exotic experiences present themselves with regularity.

Your challenge is to prevent yourself from becoming a rolling stone. You need to ground yourself in a particular discipline, career, or relationship. This will not limit your freedoms so much as give you a base for operation. Otherwise, you may find yourself skipping from one meaningless job to the next, one superficial relationship after another. You can also fall victim to the abuse of food, alcohol, sex, or drugs.

You may fear being anchored or tied down, which can cause you to skim the surface of a pursuit you enjoy, or important relationships.

You must come to know the true meaning of freedom, which is unconditional love. You give your love and energy without the condition of holding on to a place, a person, or an occupation; and you expect the same in return -- to be loved for what you are, rather than someone who belongs to another. There is a highly spiritual path offering itself that requires detachment without loss of love.

Many turn away from this and instead choose to maintain a superficial relationship with the world, or with other people.

You must cultivate your talents, especially your verbal and writing abilities. You are likely a gifted salesperson, or promoter.

You must accept limitations as a necessary base for your freedom. Freedom cannot exist without limitations, otherwise you would be without identity, and without existence.

Pinnacle Cycle

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well.

Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world. You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits.

Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

7 Pinnacle Cycle

This is a period of inner development and soul searching. You will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge.

During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human

existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others. The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Pinnacle Cycle

Under the influences of this Pinnacle, you will have greatly enhanced talent for dealing successfully with business and finances. This is a time of material growth, a time of expansion and reward. It is the cycle of harvest.

The 8 Pinnacle also increases your personal power. You have sound judgment and vision. In fact, this is the basis of your financial success.

People sense your power and effectiveness. They defer to you much more easily and look to you for answers. This makes it easier for you to use power without having to be a bully or force your way through situations. They perceive your ableness and want to join you in your vision. Others have faith in you.

You will be able to organize large enterprises. Problems do not threaten you so much as provide a challenge. You yourself sense your enhanced personal powers and feel a growing sense of stability and centeredness. You will be capable of influencing matter in an almost magical way. As a result, you are extremely goal oriented, moving toward the realization of your dreams with confidence and clarity.

Your challenge during this period is to maintain a hold on your human and spiritual values. You must remain balanced between heaven and earth. There will be enormous temptations to make money and status your only priorities, excluding the more human or immaterial matters entirely. This will undoubtedly lead to losses. You are being tested and instructed in the real value of money -- it is natural place in life. If money is placed on a high altar, overshadowing all other facets of life, you will become its slave.

If you are balanced in your approach to money, and have proper perspective, this can be a truly rewarding period, both materially and spiritually. That is the true promise of the 8.

The number 8 symbolizes the balance between the finite and infinite, matter, and spirit. It offers a great opportunity to grow.

Pinnacle Cycle

This is a period in which you must identify with some larger project or goal that is bigger than you. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and wellbeing of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community.

As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching.

In short, you are highly idealistic. You will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

11 Pinnacle Cycle

This is a challenging period in which you are at a high point of sensitivity and intuition. There is so much going on in your psyche that you can suffer much confusion over direction and identity. On the other hand, there is a wide-open channel between the personal consciousness and the higher realms of the unconscious. You are constantly being inspired and even assaulted by information and insight.

Because of the intensity of these revelations, you must learn to ground your life in faith and a practical vocation that keeps your feet on the ground every day.

This is a period of enormous spiritual and personal growth. You will come out of it with a highly uncommon clarity and understanding of life. At the same time, it is a period of enormous demands, emotionally and spiritually. Any attachment you might have to specific identity traits -- who you think you are and why you are here, for example -- is constantly challenged.

There is a desire to settle into some field or way of life to attain stability, but the energy of this

Pinnacle is not allowing it. It is as if there is a destination, or destiny, to which you are being driven. You do not feel in control of this process. Instead, you are acutely aware of the forces that are shaping your life. You must surrender to them.

Meanwhile, you experience the emotional turmoil that can come with this highly charged period.

There is a definite, even compelling, sense of being different. You are aware of a feeling of receiving special attention from spiritual forces. Your perception of life is somehow

more acute than others; you see more clearly and more spiritually due to your high degree of sensitivity. It is as if you have a perfectly accurate peripheral vision, in which everything stands out in sharp relief. At times you may feel that you can see into the souls of things.

At the same time, you may feel like a foreigner to the earth. You are completely impractical.

Sometimes you may feel that you do not understand the workings of the physical world. Practical things escape you. You feel awkward and clumsy at times and are aware perhaps how fluidly other lives are going. This increases your sense of being an outsider.

More important than all the awkwardness and feelings of being different is the overwhelming sense of having a purpose or a message to reveal that will make other people's lives happier, healthier, and more at peace. You want desperately to bring this out.

The challenge of the 11 Pinnacle is to remain grounded and attached to this dream. You must find practical and useful ways to be of service to others, at the same time developing yourself so that one day you may be able to bring forth that which is within you.

The influences of this period make you highly creative, innovative, and inventive. You have a completely unconventional approach to problems. Trust your intuition, seek harmonious settings to restore your sense of inner peace, and work hard to keep your feet on the ground. This period will bring great rewards on all levels, and with perseverance you will find your rightful place.

22 Pinnacle Cycle

This is a demanding time in which all your personal power comes to the surface and is made available to you. At the same time, you face an enormous challenge in which all that power is needed. This challenge is both physical and spiritual. The physical side is obvious in some large enterprise or dream that you are struggling to make manifest. The spiritual side is more hidden, but just as important, in that one must deliver the full

wealth of his spiritual understanding and vision to create something great and lasting for the general wellbeing of society.

Your mental powers are greatly enhanced. At the same time, your determination and efficiency are proportionately increased, making you the master builder. The 22 is a Master Number, which means that you must perceive something large in the archetypal world and materialize it.

Everything you focus on is large -- your plans are big and cover long periods of time; you envision making an enormous and lasting impact on the world. At the same time, your problems and challenges are equally large. You will have to devote yourself entirely to this dream. Without a full commitment to your largest ambitions, you will slip into frustrations and the world of broken dreams.

This is why the 22 Pinnacle is so demanding -- nothing less than everything you have is necessary to bring forth your full potential, and the gift you must give to the world. This is a Pinnacle of extremes.

You are not alone, however, in your struggle. There is much spiritual and material support to help you realize your plans. People are attracted to you who intuitively understand your larger purpose. You gain a close following of friends and supporters who feel enriched by participating in the dream you have articulated.

Courage is essential. You need confidence and faith to help you endure the challenges of the period and help you overcome the many obstacles in your path.

You are eminently practical during this period. Your approach to problems is methodical but bold. You are careful of details, yet courageous in your attack on the problems at hand. It is a period in which you must dive in, never hesitating over the possible consequences. Your personal life will likely take a back seat to the excitement of the dream.

This is a Pinnacle of enormous potential requiring much effort. Your day has arrived. Now you must make the most of it.

THE HIERARCHY OF THE CHART.

How to read a chart.

Much of the following text was excerpted from the book Numerology; Key To Your Inner Self and is directed towards understanding the art of delineating a chart.

By the time you have read your personal numerology report, you will notice that virtually every number is represented in your chart. This is true for most people. Naturally, this can be confusing. The reason for this confusion is that we have not learned to prioritize the relative values of each number and its position in the chart.

The Life Path, for example, carries far more weight than the Maturity and Balance numbers. In addition, each member of the core numbers (Life Path, Expression, Heart's Desire, Personality, and Birth Day number) bears special significance to our personality. The Heart's Desire represents your inner needs and motivations -- the more private you -- while the Personality number reveals the public you; the face, or the mask, you show the world. It is what people recognize first when they meet you. Your closer relationships, however, come in contact with the personal, inner you, your Heart's Desire. One of the benefits of numerology is to differentiate and to reveal the many aspects of your personality and inner being. It also shows how aspects within you influence each other. What follows is a short course in how to prioritize the numbers of the chart, to discern their individual importance, and to show how each aspect of the chart relates to a specific part of your being.

The Life Path number is by far the most important number in the chart. Your Life Path number represents a cycle. The longest cycle of your life, it runs from the first day of your life to the last day of your life.

Perhaps the most important concept to recognize, and probably the least understood, is that all the numbers based on your date of birth reflect something about the "momentum" of your life. The flow, the current which carries you forward, the stream of life. Therefore, every number in your chart derived from your date of birth tells something about the direction of your life, the path you walk on, and the opportunities and challenges you encounter.

Next, read the Birth Day number. In order of importance, the Birth Day number belongs in fifth or sixth place, but it is closely related to the Life Path, and should be seen in

connection to it. Follow with the Expression number, which reveals your talents, abilities, goals, and is particularly important in relation to career.

Then read the Heart's Desire and understand it as the motivator behind virtually all of your choices, in particular those related to life style and environment. Also, look at the Minor Expression and Minor Heart's Desire as contributing influences on your overall ambitions and personality. The Personality number completes this picture of the core numbers. Remember, while the Personality number is the last of the core numbers, it is the first impression people will get. The Personality number is usually what gets you hired, while the Expression number is the greatest influence on how well you perform. The Heart's Desire number influences the type of conditions you like to work under; alone or with people; in a small non-profit organization, or in a big corporation; in the inner-city or in the country. The Heart's Desire also influences your choice of career.

The core numbers outline the basic personality. The rest of the chart reflects a closer look at you -- your many nuances, individual character traits, and strengths and weaknesses.

The Challenges follow, and are, in my opinion, among the most important sources of information flowing from your chart. The Challenges, more than any other number, point to aspects of your personality that you have to work on. They represent the first and most obvious obstacles that stand between you and success.

Follow with the Maturity number, but keep in mind that it does not enter your life until after the early thirties, after which its influence grows more important with age. The Maturity number is a kind of secondary Life Path number. It adds specific challenges, as well as abilities, to your life. Next, read the Karmic Lessons, which reveal weaknesses or undeveloped areas. Follow with the Hidden Passion, which reveals what you are good at, and what you love to do. Then go to the Subconscious Self, which shows how confident and secure you are in the use of your talents and abilities.

The Balance number stands somewhat apart, but is very revealing, particularly when you are off-balance as a result of emotional turmoil. The Balance number reveals your strengths in turbulent times.

The remainder of the chart is made up of the Bridge Number, Cornerstone, Capstone, First Vowel, Rational Thought number, and Planes of Expression. Each of these areas is well defined in the chart and is easily identifiable as to the role it plays in your life. Each represents subtle, but important aspects of your personality.

When you study a chart, first look at the individual numbers and their relative positions in the chart. Next, look for numbers that will have a strong impact upon each other. (This is an aspect of numerology that requires practice and takes time.) For example, what happens when a person has a 1 Heart's Desire, an 8 Expression, and a 2 Personality? Or what does it mean when a person has three 4's among the core numbers, but many letters with the value of 5 in the name? With practice, you will learn to read a chart with confidence and clarity.
